

Personalized Learning for All Scholars

Warren Early Childhood Center is Making it Happen!

WE ARE Warren Early Childhood Center, a Preschool located within MSD Warren Township. Our program offers educational opportunities for typically developing scholars, as well as, scholars identified with special needs. We are a Level 4 school on Indiana's Paths-2-Quality Rating scale and NAEYC accredited.

OUR STUDENTS & FAMILIES The Warren Early Childhood Center serves a diverse population of 305 scholars which includes 40% African-American, 36% Caucasian, 21% Hispanic, 2% Multi-racial and 1% Asian. 30% of our scholars received an On My Way/Indy PreK Voucher. Approximately 30% of our scholars have an IEP.

OUR TEACHERS are Highly Qualified with Early Childhood/Elementary Degrees. All staff members receive weekly professional development with a focus on meeting the needs of every scholar.

OUR PROMISING PRACTICE is providing a Student-Centered learning environment that meets the needs of all scholars. Our program focuses on encouraging scholars to use Voice-Choice as they navigate throughout their day. Outside of our regular classroom setting, scholars get to experience a hands-on Technology/Imagination Room where they get to explore a variety of light structures, and interactive SmartTables.

To promote a Healthy Lifestyle, all scholars and staff participate in the Achilles International Walking/Running program. This program is geared to encourage life-long exercise through walking/running. At the end of the year, all scholars/staff will receive a free pair of running shoes.

Recently, our building was a recipient of a Kaboom Playground Grant. This new play experience will provide an opportunity for special needs scholars/families to explore play opportunities that meet their specific needs.

OUR STEPS The Warren Early Childhood Center is dedicated to the success of all scholars that walk through our doors.

We provide a Family Atmosphere- We take great pride in making all families feel a part of the ECC family. Getting to know each scholar and family is a top priority.

Creative Hands-On Curriculum- Our program has aligned our curriculum with the Indiana Foundations, however, we dive deeper to make sure individual scholars have a success plan to ensure daily growth. Key components include- iPad integration into each classroom; Scholar Voice-Choice; Healthy Initiatives; and Social Development.

Community Support- We have a strong PTA and parent group that supports our creative thinking and exploratory opportunities.

The Warren Early Childhood Center Includes:

- Highly Qualified Teachers
- NAEYC accredited program
- Developmental Preschool that provides a personalized experience for all scholars
- Facilities that meet the needs of all scholars
